

**SRI RAAJA RAAJAN COLLEGE OF ENGINEERING &  
TECHNOLOGY, KARAIKUDI**

**DEPARTMENT OF MECHANICAL ENGINEERING  
INDUSTRIAL VISIT**

23/1/2021

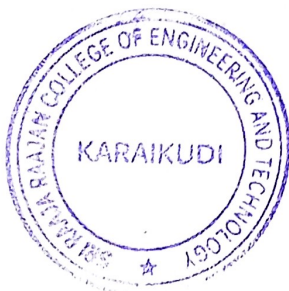

**INDUSTRIAL VISIT TO WONDERLA, COCHIN, KERELE**

The Final year students of Mechanical engineering department went to industrial visit to wonderla on 23/1/2021. The motive of the industrial visit was to showcase the students practical applications of hydraulics & pneumatics. Hydraulic systems in the theme park were used for various applications like cushioning, locking, precision movement, etc. The students experienced the use of hydraulics and how hydraulic systems were used for shock absorption in different rides in the park. The precise movement of various rides in theme park were guided by hydraulic systems and pneumatic systems. The use of Accumulator in hydraulic systems served as emergency power source. Different hydraulic valves and pneumatic valves were practically studied by the students and their applications were also experienced by them. Heavy weight lifting applications used hydraulics systems to do the task. Pneumatic actuators were used in rides for precise movement control.

No. Of Students: 80

No. Of Faculty: 3

No. Of Days: 1 day

**SRI RAAJA RAAJAN COLLEGE OF ENGINEERING & TECHNOLOGY,  
KARAIKUDI  
DEPARTMENT OF MECHANICAL ENGINEERING  
INDUSTRIAL VISIT**

06/09/2019

**INDUSTRIAL VISIT TO BHARAT HEAVY ELECTRICALS LIMITED  
(PPPU), THIRUMAYAM**

The Department of Mechanical Engineering students planned for a industrial visit to Bharat Heavy Electricals Limited (BHEL), Power Plant Piping Unit, Thirumayam. The industrial unit is located 28km from karaikudi at Pudukkottai District. The company is a leading manufacturer and repair of induction motors and accessories. The students of II, III and IV Year of mechanical department accompanied by two staff went for the industrial visit on 06.09.2019. The company is involved in processing of motor and power plant piping manufacturing of different grades for various applications. Students were able to practically study the applications of various types induction motors and power plant unit accessories. Also different manufacturing process was involved like repair and rehabilitation of induction motors etc which the students practically saw the process. They also studied the safety measures adopted during the processing of repair works so that the employees are not affected. Different Quality control measures were also adopted to inspect the manufactured induction motors. Quality Policies like 5S and other plant layouts were very much satisfying for the students.

KARAIKUDI  
DEPARTMENT OF MECHANICAL ENGINEERING  
INDUSTRIAL VISIT**

9/7/2017

**INDUSTRIAL VISIT TO TUSKER RUBBER PRODUCTS, KARAIKUDI**

The department of mechanical engineering students planned for a industrial visit to Tusker Rubber products, devakottai. The company is located 10km from karaikudi at Sidco Industrial estate, Devakottai Rastha. The company is a leading manufacturer of Industrial Rubber belts. The students of II year and III Year of mechanical department accompanied by two staff went for the industrial visit on 9/7/2017. The company is involved in processing of rubber and manufacturing rubber belts of different grades for various applications. Students were able to practically study the applications of various types of belts. Also different manufacturing process was involved like Rubber forming, etc which the students practically saw the process. They also studied the safety measures adopted during the processing of rubber products so that the employees are not affected. Different Quality control measures were also adopted to inspect the manufactured belts. Quality Policies like 5S and other plant layouts were very much satisfying for the students.

No. Of Students: 147

No. Of Faculty: 3

No. Of Days: 1 day

**DEPARTMENT OF MECHANICAL ENGINEERING  
INDUSTRIAL VISIT**

9/2/2018

**INDUSTRIAL VISIT TO KADERI AMBAL MILL, ARAVAYAL,  
KARAIKUDI**

The Students of Mechanical Engineering Department went for an Industrial visit to Kaderi Ambal Mills (p) Ltd, aravayal. A total of 147 students from III year & IV Year students of mechanical department went to the industry on 9/2/2018 (Monday) at 11:00AM along with two Faculty members of Mechanical department. The Industry is Located about 15km from the college. The industry processes raw cotton into thread materials after undergoing several filtration and mechanical processing techniques. PLC Automated machineries were used for winding threads into the columns and pneumatic packing machines were used to pack them according to batches. Several hydraulic machines were also used for processing of cotton. The industry also uses solar power acquired through solar panel grids that were installed. The visit to the industry enabled the students of mechanical engineering department to gain knowledge on how mechanical machineries were used for practical applications. Also how periodical maintenance of the machines were carried on monthly basis without affecting the production numbers.

No. Of Students: 147
