are living in very peaceful manner. This village is having very proud history. Agriculture is the Backbone of this village. Our SRRCET NSS students adopted this village, village adoption scheme is to equip and familiarise the students, with the socio- economic dimensions of the rural communities, status of sustainable use of natural resources, changing perceptions and aspirations, priorities and innovative effort of the rural communities for sustainable development and enable/ inspire the community for self – help to roll out strategies, methodologies, process to develop sustainably and create cohesive communities where every individual gets equal opportunity to realise his/ her potential.

KOTTUR VILLAGE

Kottur is a small Village/hamlet in Devakottai Block in Sivaganga District of Tamil Nadu State, India. It comes under Kottur Panchayat. The village adoption study envisages integrated holistic development of village or cluster of village selected on micro/ macro watershed basis, on an action research mode. The village adoption provides an opportunity to a academicians, policy makers and civil society, to get sensitised and understand the problems and social dynamics that exists at the gross root level and assimilate the facilitating/ catalysing factors responsible for building sustainable and cohesive communities through inspiring, igniting, educating and enabling them to develop by utilizing multiple opportunities with special focus on this advanced sector. The village adoption

Will also empower the students for better training, research and thus rural development.

AMARAVATHIPUTHUR VILLAGE

Amaravathiputhur village is located in India and listed taluk: Sakkottai in the district of Sivagangai. The village adoption study provides an opportunity to understand the factors that are responsible for under- development in a village, despite plethora of programmes/ schemes in vogue. They also get familiar with the interventions, participatory interaction, understanding the prevailing situation, mobilization of community, initiates participatory process, establishing linkages among the department etc. which are likely to strengthen the process of development and ensure poverty reduction and strengthen natural resources management. The process of village adoption is thus an experimentation and involvement of student members to drive the process of development in a selected village.

Hence, students and people of the above villages were benefited from this adoption program.
