REPORT

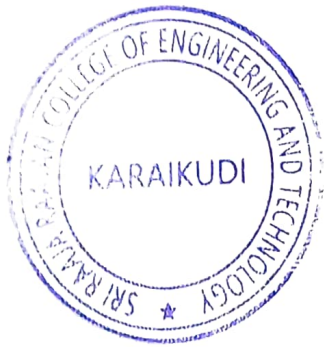

Construction work is one of the professions which has a high risk of accidents.

for such risky professions, safety awareness program was conducted by our Sri Raaja Raajan College of Engineering and Technology students nearly 100 students were participated in this safety awareness program which in held for workers in umasri Construction, Devakottai on 2.9.2021. The high rate of work place accident shows workers lack of understanding of occupational health and safety standards. The purpose of this program was to give workers understand the importance of occupational health & safety. The students advised the workers to wear protective clothing for this own safety, such as wearing helmet, gloves, ear muffs or plugs, boots and high visibility vest and suits. This safety awareness program was benefited by the workers in the umasri construction.
