REPORT

On June 24, 2019, organized a blood donation camp on our campus. All the students were asked to donate blood. 7 nurses and 3 doctors from Kaveri medical care hospital came to our college for providing their valuable services for the mission. The core goal of this program was to collect blood and donate it.

The Principle, faculty members and students donate their blood happily. We felt proud of such kind of good deed by helping poor people. Furthermore, outsiders were also invited for this purpose. A large number of people gave their blood willingly. All were happy that they got the opportunity to participate in this act.

The collected blood was donated to the hospital. After donating blood, I felt heartily happiness and contentment after giving a great service to humanity. The Principal also arranged fresh juices for all the volunteers so that they may not feel fatigued after donating blood. In the last moments, the Principal thanked everyone for their cooperation and we promised to frequently become a part of such programs.
