REPORT

A treasurable hunt is implied by the old saying "Health is Wealth." On the 27th of August 2019, the Tamil Nadu Government held a medical camp and a DENGU Awareness Campaign at Visalayankottai Govt, Hr.Sec.School to raise awareness about health issues. NSS volunteers from Sri Raaja Raajan College of Engineering and Technology addressed the public and assisted programme officers and doctors. The event started with a discussion of communicable and non-Communicable diseases. The public is made aware of the highly impacted sickness 'DENGUE'. The main cause of DENGU is mosquito hatching, and how to limit mosquito breeding is explained to the public. The public is advised to use natural. Medicines such as papaya leaf juice and Nila Vembu Kashyam.

Creating public awareness is a serious note to avoid many problems. Students at Sri Raaja Raajan College of Engineering and Technology were given an overview of dengue fever and its effects. Our college principal participated the meeting. The dias was adorned by the Chief Guest, Dr.P.Selvam, and his companion. Dr.P.Selvam provided a detailed explanation of the cause of Dengue fever and the implications that it has on individuals and the environment. The information session is scheduled at a comfortable time to explore the benefits and drawbacks of the disorders. The major theme of the programme is "Prevention is better than cure." Because the rainy season has begun, there is a risk of the disease spreading.

DENGUE AWARENESS PROGRAM
