REPORT ON EVENT

Flood Relief Funding Programme (21.12.2023)

Date of the Event : 21.12.2023
Name of the Event : Flood Relief Funding Programme.
Venue : SRR CET Campus.

Sri Raaja Raajan College of Engineering and Technology Students actively participated in "Flood Relief Funding Programme" conducted on 21st December 2023.

This year some districts are severely affected by rain and got flooded in many areas. So our central government and state government helped flooded areas peoples. The floods have unleashed severe hardship, and we would like to do our part to support the community.

Other than that our college students also helped by giving biscuits and many needed things. Torrential rain in some districts, India has resulted in terrible flooding. Hundreds of people have died, and thousands of families have been displaced. This fund will provide relief to victims by helping purchase emergency supplies like food, water, and medicine in addition to longer-term recovery assistance. All donations to this fund will exclusively support local relief and recovery efforts from this flood

We make it easy, quick, and safe to support people on the ground who understand needs in their communities better than anyone else. While the cyclone has left a trail of destruction, it is very heartening to see the quick response demonstrated by the Tamil Nadu government in managing the difficult situation and in ensuring that necessary relief measures are undertaken.
