

SRI RAAJA RAAJAN

COLLEGE OF ENGINEERING AND TECHNOLOGY

(Approved by AICTE, New Delhi & Affiliated to Anna University, Chennai)

INNOVATIVE PROJECT CELL

Sri Raaja Raajan College of Engineering and Technology is thus envisaged to network people, ideas, experience and resources to motivate the innovation community in the college. This cell helps to nurture the students' ideas and encourage them to bring up business proposals. The Innovation Cell may facilitate even in getting funds for the project.

Learning is a continuous process and there are always possibilities for improvement in the existing system around us. Using the facilities of workshops, laboratories, library including digital library facility, internet and intranet facilities and research facilities available in the institute, innovative ideas could be translated into reality or existing systems could be improved upon. The main aim of this Cell is, thus, to create intuition in terms of creative design ideas in various fields of engineering in an aesthetic approach.

Innovation Project Cell will assist students and also encourage young talented minds by providing them a perfect platform for showcasing their talents, working together as teams and participate in various competitions. It will also serve to provide the students a platform to excel in their specialized area of interest.

AIM

The aim of the Innovative Project Cell is to promote the Industry — Institute interaction

OBJECTIVES

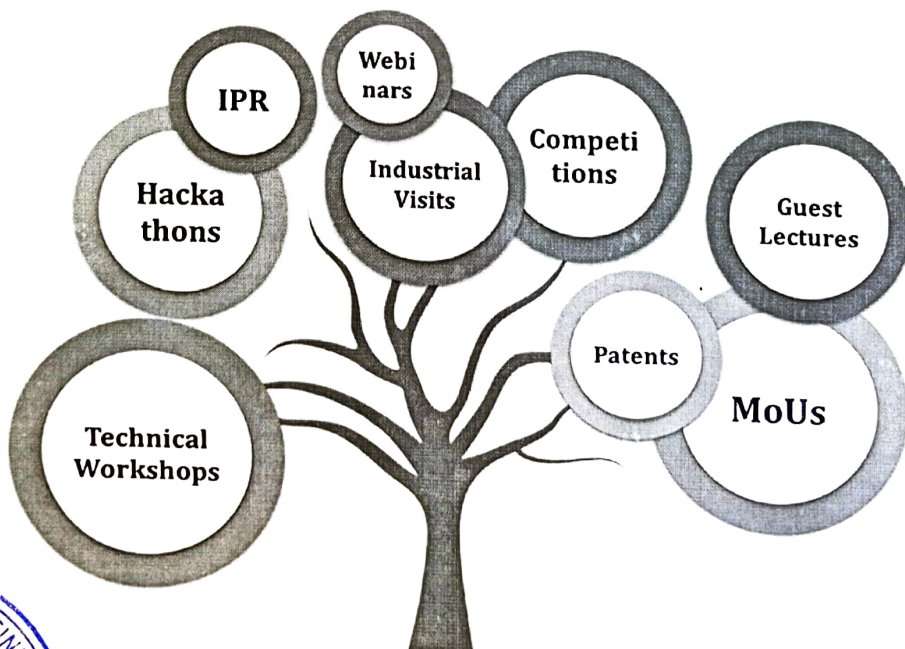

- To motivate students to bring out their hidden talents in various disciplines of Engineering.
- To provide a platform to realize and believe in themselves.
- To empower students to become young entrepreneurs.
- To create an innovative environment for the students to discover, develop, deploy and express their skills and talents.
- To motivate students to take part in Hackathons & prototype development, Technical Tutorials.
- To encourage students to carry out their hidden talents in various disciplines of Engineering.

DUTIES AND RESPONSIBILITIES

Innovative Project Cell (IPC) is overall responsible for promoting knowledge based and technology driven start-ups by harnessing young minds and their innovation potential in an academic environment.

- To provide advancements in basic and applied areas of science, engineering and technology to students to become active partners in the economic development process.
- To motivate, support and mentor students for identification, development and commercialization of innovative ideas.
- To promote Technical Workshops, Technical Competitions, Seminars, Guest Lectures, Industrial Visits and Webinars.
- To conduct Business plan Competitions, Innovation Camps, Hackathons with active involvement of Industry and Alumni.
- To identify and target innovative student projects (Mini and Major) for new Product Development.
- To emphasize on MoUs with Industry, Academia, NGOs to jointly exchange their expertise for mutual benefit and growth.
- To encourage Faculty and Students to file Patents when an invention is created and protection offered through IPR (Intellectual Property Rights)
- To provide guidance, support and resources to the researchers, innovators and creators.
- To inculcate a culture of Innovation driven entrepreneurship.
- To provide a platform, which gives various opportunities to show and enhance Technical talents at State, National and International levels.

INNOVATIVE PROJECT CELL (IPC)

Date: 24/06/2024

Circular

The Innovative Project Cell meeting for the Academic year 2024-2025 (Odd Semester) is scheduled to be held on 26.06.2024 in smart hall at 10.30.am. All the members of IPC committee are requested to attend the meeting.

Agenda:

1. Confirmation of minutes of earlier meeting.
2. Approval to grant seed money.
3. Approval to send minor/major Innovative project.
4. Approval for proposal of Programs.
