

## AWARD CONFIRMATION AFFIDAVIT

Date : 07/24/2025

**Dr. A PRATHIMA** won **INTERNATIONAL BEST RESEARCHER AWARD** in **NANO SCIENCE**

### To Whom It May Concern,

It is our great honor to confirm that **Dr. A PRATHIMA** has been recognized with the prestigious **INTERNATIONAL BEST RESEARCHER AWARD** by the advisory board of International Conference, **Scopus Index Conclave 2025 powered by ASIA RESEARCH AWARDS**. This international award involves a very tough selection process with careful considerations for Reviewing nominations from among 2350+ applicants. Herewith Scopus Index Conclave 2025 in association with Asia International Research Awards confirms, **Dr. A PRATHIMA** has bagged the title with his/ her extraordinary skills and performance in research & academics.

This award acknowledges his/ her exceptional contributions to the field/ study, **NANO SCIENCE** and his/ her innovative concept of curiosity exemplifies his/ her leadership and groundbreaking advancements.

### About the Asia Research Awards

The Asia Research Awards (ARA) is a globally celebrated platform that honors excellence in research and innovation across a multitude of disciplines. Established with a mission to recognize and empower exceptional individuals and teams, the awards have grown to become internationally respected for their role in advancing scientific and technological progress.

The ARA is affiliated with prominent organizations, including: American Chamber of Research, World Research Council, United Medical Council, Times of Research, and Chronicles Time. Through its stringent selection process, the Asia Research Awards celebrates individuals whose work demonstrates excellence, societal impact, and cutting-edge innovation. The award empowers recipients to take pride in their achievements while inspiring future milestones in their respective fields.

## SCOPUS INDEX CONCLAVE 2025 CONFERENCE

The Scopus Index Conclave is a flagship conference meeting of the Asia Research Awards, established in 2018. It recognizes and celebrates groundbreaking contributions to science, technology, and research. This international conference will be held on August 03, 2025, at the renowned Hotel Femina, Lotus Hall in Trichy, Tamil Nadu, India. This international conference has the esteemed **Honorable Education Minister of Tamil Nadu, Mr. Anbil Mahesh Poyyamozhi as the chief guest**. He along with other special chairs from multiple countries will deliver a keynote address highlighting the transformative role of research and innovation in shaping a better future. This conference welcomes participants and honorees from a wide array of countries, including India, the United States, Japan, Germany, Australia, Turkey, South Korea, Greece, Mexico, Nigeria, the United Kingdom, Malaysia, Singapore, France, Italy and so on. This global representation underscores the international prestige and recognition of the Scopus Index Conclave powered by Asia Research Awards.

## Selection Process and Criteria

The **INTERNATIONAL BEST RESEARCHER AWARD** is granted through a rigorous evaluation process that includes:

- **Peer Review:** Evaluations by a distinguished panel of experts from diverse academic and professional backgrounds.
- **Evaluation Metrics:** Candidates are scored on a scale of 0–10 based on their:
  - ◆ **Research Excellence:** Contributions to publications, patents, and innovative advancements.
  - ◆ **Societal and Industrial Impact:** Demonstrated influence on addressing critical challenges in their respective fields.
  - ◆ **Innovation:** Development of pioneering frameworks, tools, and methodologies.

**Dr. A PRATHIMA's** recognition is a testament to the exceptional quality and global relevance of his/ her work in **NANO SCIENCE**. his/ her contributions have significantly advanced the field and inspired further innovation.

## Judging Criteria and Number of Awardees

The Scopus Index Conclave 2025 judging process involves peer review conducted by panel members from diverse backgrounds all around the world. They evaluate submissions (articles or profiles) based on scores ranging from 0 to 10. The ARA aggregates these scores to finalize winners in each category. The expert committee can select up to three awardees per category but reserves the right to honor fewer or more recipients based on merit. However, the Apex Committee retains the discretion to honor fewer or more individuals based on the set standards of the expert committee. If nominees qualify for multiple awards, the committee ensures they are placed in the most appropriate category.

## Media Coverage and Recognition

The Asia Research Awards and Scopus Index Conclave have garnered significant recognition through:

- Social Media Platforms:
  - Facebook([facebook.com/asiaresearchawards](https://facebook.com/asiaresearchawards)): Posts, photos, and videos showcasing honorees, ceremony highlights, and dignitaries.
  - YouTube ([youtube.com/@AsiaResearchAwards/videos](https://youtube.com/@AsiaResearchAwards/videos)): Features official videos of the event, including keynote speeches and award presentations.
  - Instagram ([instagram.com/asiaresearchawards](https://instagram.com/asiaresearchawards)): Shares visually engaging updates and stories from the event.
- Official Websites ([asiaresearchawards.com/news/](https://asiaresearchawards.com/news/)) & ([scopusindex.com/winners/](https://scopusindex.com/winners/)): Provides detailed reports on awardees, event highlights, and ceremony summaries.
- Media Partnerships: Coverage by platforms such as Times of Research, Chronicles Time, and affiliated academic journals further amplifies the awards' reach and recognition.

The presence of international dignitaries, global participants, and media outlets validates the prestige and influence of the awards.

## Conclusion Summary

In a summary, **Dr. A PRATHIMA's** receipt of the **INTERNATIONAL BEST RESEARCHER AWARD** underscores his/ her groundbreaking contributions to **NANO SCIENCE**, particularly in leveraging the enhanced research awareness frameworks and his/ her work has profoundly influenced in addressing critical global challenges and setting new standards in the field. This recognition celebrates his/ her innovative achievements and enduring impact on **NANO SCIENCE**.
